

BRIEF UPDATE SUNDAY CHILDREN FOUNDATION

Sunday Children foundation is made up of 20 Children and two adults. We bless the Lord all School going age children are at school, and progressing well.

Work; I support our Branch church in Administration, I also do farming to boost family food security. Food security is one of the challenges of a big family. My wife gives support in class as well as a school bursar in our **School Kings Junior School**.

Conard Sunday Tending to maize garden October 2023

Currently in Uganda, it is a peak of tropical rainfall, and most people are now planting crops while others are weeding, even some areas which received early rains, there is early harvesting taking place. Uganda is blessed with fertile soils and natural rainfall, so we expect good harvest.

Newly hipped sweet potatoe hips. This will be ready for harvest in three months' time from October 2023

Health; our children's health have been stable and we bless the Lord for Monthly Nutritional support in form of fruits and vegetables financial support. The desired health status of family members have been achieved.

Picture of fruits and vegetables procured from Part of the funds from Sunday Children Foundation. We bless the Lord.

Except **Precious Nabwire** whose Viral Load Status was at TERGET NOT DETECTED. But has begun showing signs of target detected at 40Virus per 100mm of blood sample. This is not a good trend!

Precious Nabwire is a Compassion sponsorchild. Compassion takes care of her medical care. Her schoolfees are also taking care of. She is part of our family, but will not be supported by Sundayschildren Foundation because of the fact that she has a sponsor with Compassion.

Nabwire Precious 10 years, currently in Primary Five.

One of our Children we would love talking about is **Mukisa Benjamin**.

Due to family and domestic violence, his family had abandoned him. He lived a life of begging food and accommodation, and he had dropped out of school.

Benjamin Mukisa through his Journey. Currently in senior six and beginning his final examinations on 27th November until 21st of December.

He is a quiet and hardworking boy who loves the Lord. At School, he leads his fellow children in chapel activities, and last week on 14th October he handed over leadership roles to have enough time for his National Final Exams. Next year he will joining university to study journalism.

Benjamin Mukisa Handing over leadership office.

Conard Sunday joined his son Benjamin Mukisa in the Handover ceremony on 14th October 2023

Though picked from a construction site doing child Labour to earn a living, Benjamin's hope has been restored and is aiming higher.

- 1. Our Prayer request is that Benjamin Mukisa becomes an agent of positive change in Society.***
- 2. Funds may be available for him to continue with his studies up to a bachelor's degree level.***

General Family Prayer request;

- 1. God to continue providing for our children's school fees.***
- 2. Family to get a home, since we have lived in rentals for a long period of time.***
- 3. God to bless the Sunday Children Foundation with more sponsors so that more children's lives can be transformed.***
- 4. Provision of a sustainable food basket to feed our children.***
- 5. Praying for Precious' full recovery and complete suppression of the virus***

We thank God for our sponsors, their giving is not in vain. Surely we have seen lives change and children's hope restored.

God bless you.

Conard and Asha & children
